Mr. Jeff Bradfield
Anchor Concrete Products Ltd.
1645 Sydenham Road
Kingston, ON K7L 4V4
Canada

Dear Jeff:

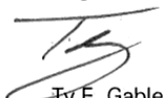

Congratulations on your First Place Creative Use of Precast Award for the Bombardier Monorail Test Track project. We had a record number of entries this year, and the quality of projects from top to bottom is the highest we've seen in the history of the CUP Awards.

Our independent panel of six judges was highly complimentary of the caliber of the entries, so the fact that your project was the highest scoring entry in the Above-Ground category in this most competitive year is definitely worth celebrating.

On behalf of the NPCA Board of Directors, please extend our sincere congratulations to your staff. Exceptional quality, precise engineering and innovation are the building blocks for the future of the precast concrete industry, and your award-winning project is a great example of those key elements.

We will be publicizing these award-winning projects extensively in Precast Inc., Precast Solutions and other industry publications, in addition to featuring the awards at The Precast Show. I hope you plan to attend The Precast Show Industry Awards Luncheon Thursday, March 1, at 11:30 a.m. at the Orange County Convention Center to accept your award, and I look forward to seeing you in Orlando.

Regards,

Ty E. Gable
President
